ENDA (n.d) *Capacity strengthening in climate change vulnerability and adaptation strategy assessments*. Course materials developed in collaboration with CIAT, Stockholm Environment Institute and Unitar in the context of Unitar's C3D initiative. [Online] Available from: <http://www.c3d-unitar.org/c3d/> [Accessed 22 June 2011]. The training materials include:

- A trainer's guide.
- A practical training guide.
- [Fall B. & Niang I.] A glossary of terms and concepts.
- A background paper on international developments in climate change policy, vulnerability and adaptation assessment capacity development / training
- [Winograd M.] Background on frameworks, methodologies and tools for vulnerability and adaptation assessments: How to move from reactive to proactive approaches
- Module I: An Introduction – Objectives, Methodology and Structure of the Training of Trainers Workshop
- [Winograd M.] Module I: An Introduction – Vulnerability and adaptation: An Introduction
- [Winograd M.] Module II: Concepts, frameworks, methodologies and tools for vulnerability and adaptation assessments – Concepts, frameworks and methodologies for vulnerability and adaptation assessments
- [Fall B.] Module II: Concepts, frameworks, methodologies and tools for vulnerability and adaptation assessments – Tools for assessments of vulnerability and adaptation strategies
- [Downing T. & Ziervogel G.] Module II: Concepts, frameworks, methodologies and tools for vulnerability and adaptation assessments – Toolkit for Vulnerability & Adaptation Assessments
- [Winograd M.] Module III: Vulnerability and adaptation, from theory to practice – Case study 1: From vulnerability assessments to decision-making: Natural disasters and climate change in Central America
- [Niang I.] Module III: Vulnerability and adaptation, from theory to practice – Case study 2: A vulnerability study of coastal areas and climate change in Senegal
- [Seck M. & Na Abou M.] Module III: Vulnerability and adaptation, from theory to practice – Case study 3: An evaluation of the vulnerability of agriculture and adaptive strategies aimed at achieving food security in the Sahel: The example of the Niayes in Senegal
- [Alam M. & Rahman A.] Module III: Vulnerability and adaptation, from theory to practice – Case study 4: Food Security and Climate Change: Building Adaptation Strategies for Bangladesh
- [Mukheibir P.] Module III: Vulnerability and adaptation, from theory to practice – Case study 5: Water resource management strategies in response to climate change in South Africa: Specific focus on municipal water in arid regions
- Module IV: Exercise 1: Food security and climate change
- Module IV: Exercise 2: Vulnerability indicators
- Module IV: Exercise 3: Multi-criteria analysis for the identification of national adaptation strategies
- Module V: Conclusions and lessons learned: Errors to avoid
