What is the GCCA?

4

Enhanced dialogue with developing countries on climate change

- First pillar of the Global Climate Change Alliance (GCCA)
- Promote a convergence of visions on a post-2012 climate change regime between the EU and partner countries
- Regional conferences, policy dialogues and joint declarations
 - Asia, May 2010
 - Africa, Oct 2010
 - Pacific, March 2011 (e.g. specific dialogue on climate finance and aid effectiveness)
 - Caribbean, March 2011
- National policy dialogue (see pillar 2)

5

Increased support for climate change

- Second pillar of the GCCA
- € 200 million (2008-2011)
- € 60+ million (2012-2013)
- Promote approaches to integrate climate change into development planning and budgeting
- Focus on integration of climate change in poverty reduction efforts, adaptation in water and agriculture, REDD, CDM and DRR
 - Mainstreaming programmes and workshops
 - Implementation of NAPAs
- Budget support as preferred modality

6

Lessons learned: aid effectiveness, mainstreaming & budget support

- **Ownership:** supporting developing countries' agendas
 - National development or sector strategies
 - National adaptation programmes of action (NAPAs)
- **Alignment:** using country systems
 - Promoting CC integration into national dvpt planning & budgeting
 - Country programmes
 - Training workshops with ministries of finance
 - Budget support for climate change
- **Harmonisation:** improved coordination (within EU, with other partners)
 - Joint financing (e.g. GCCA with IE, CY, CZ, SE)
 - Joint programming (e.g. GCCA with DK, GE, UN)

=> Paving the way for scaled up climate change response through dialogue, capacity building and actions
